IN THE BUS:

Mui: Hello guys! Today fun facts with Mui Mui. Do you know what is the capital city of the Israel? (Classmate need to answer Tel Aviv.) Yeah I will count that answer as a correct one but if you ask the Israelis, they will answer Jerusalem instead because According to Israeli law, Jerusalem is the capital of Israel. However, other international countries did not recognize Jerusalem as a capital city, instead keeping embassies in Tel Aviv. Trace back to the history in July 1980, Israel passed the Jerusalem Law, as part of its constitutional Basic Laws, declaring Jerusalem the "complete and united" capital of Israel. In Israel, the official language is the arabic which give rise to our tour name as well. In Arabic language, yalla means let's go!

Mui: Now, let's watch these video to guide you guys how Israel look like.

Mui: Do you like it??? It is very delicious right??? So, now we are heading to the Western wall, Dome of rock, and Al-Aqsa Mosque. These 3 places are located near each other. People also called western wall as a "wailing wall". It is a holy and sacred place for the Jewish people in Israel. The wall was built by the King Herod in 20 BC because this wall will enclose with another and it will surround the temple mount finally. It took 11 years to built this wall. However, the wall was destroyed by the Romans and it became a Jews holy place of pilgrimage. They came here to begged or prey about the things they want to the god and also written down in the paper and put it on the wall.

Mui: Next we will go to the Dome of rock. At there, there will be a local guide for you guys as well.

Mui: For today, this is last place that we will visit. It is the Al-Aqsa Mosque. Their will be the local guide at there as well.
